

UPRISING

Among Russian Peasants Growing Steadily in Big Empire.

MILLION AND HALF STARVING

A FALSE CZAR IS MARCHING AT HEAD OF HIS FOLLOWERS

Agitators in Disguise as Russian Generals Visit Villages to Arouse the Peasants

(Bulletin.)
London, Nov. 22.—An evening Standard dispatch today says that the uprising among the peasants in the provinces of Russia is growing steadily. Mobs of peasants have attacked the hospitals and public houses and the homes of priests have been burned. Owners of estates have been imprisoned in their houses and their estates plundered, the mobs have killed all the cattle falling into their hands and have eaten the flesh raw.
Practically 1,500,000 persons or eighty per cent of the population of the Baltic provinces are said to be starving. Peasant Zakhar who proclaimed himself the real czar of Russia has been accepted as emperor by fully 500,000 peasants. The pretender clads in ancient princely robes. A number of agitators dressed in uniforms of Russian generals are visiting the different villages persuading ignorant villagers that the czar has ordered the burning of all the estates.

St. Petersburg, Nov. 22.—M. Durov minister of the interior is exercising a reactionary influence in Count Witte's cabinet. Indianapolis, Nov. 22.—Fire broke out in the large store of the Badger Furniture company, in the heart of the principal retail district of East Washington street, at 10:40 a. m. today. At the same hour a serious break occurred in the large water main on Ohio street near the new federal building. Basements and ground floors of stores along Ohio street were flooded. The break in the water main was two squares from the fire.

The concrete street paving for nearly half a square was thrown up by the force of the water, and the street is impassable.
At 11 a. m. a second fire alarm was sent in. The first is on the top floor and the fire department is reported to be unable to secure sufficient pressure.
The Badger store being doomed, the firemen soon turned their attention to saving adjoining properties.

Dillon, who last week refused to answer questions put to him before the jury. Dillon was directed by Recorder Goff to answer these questions. Pickett was subpoenaed by Attorney General Mayer to appear before the grand jury, when Dillon also will be further examined.

SIX HUNDRED

Social Outcasts Addressed by Ashers and Many are Converted.

Patterson, N. J., Nov. 22.—Last night witnessed the spectacle of a young woman, as earnest as she is good looking, presiding over a throng of six hundred social outcasts crowded into a saloon hitherto regarded as an infamous resort. Mr. and Mrs. Wm. Asher, a young, earnest couple of religious workers, had organized a campaign against vice. At the meeting Mr. Asher talked to the men while Mrs. Asher thrilled and inspired them by her singing. Before the meeting was over fifty human derelicts denounced their present mode of living and asked to be guided to the better life. The climax of the religious enthusiasm came when, at the finish of one song, a half dozen men sprang to their feet and led their fellows in singing "Nearer my God to Thee."

STOCKBROKERS

And Owners of Unlisted Stocks Are Said to Have Been Swindled Out of Thousands.

Chicago, Nov. 22.—Stockbrokers and owners of unlisted stock in all parts of the United States are said to have been swindled out of thousands of dollars by a scheme alleged to have been perpetrated by R. Levy, a stock broker, with offices in the Melinah temple. Levy was arrested on a warrant charging him with using the mails to defraud. The scheme of the alleged swindler, according to the police, was to solicit shares of stock from brokers or any one owning unlisted shares of stock, with the request that the stock be sent to the Garfield National bank, Chicago. This bank, it is said, has not been in operation for some time. After the stock had been secured, the police declare, it was sold immediately by Levy, sometimes for as small an amount as a cent a share. Levy claims he is innocent of any wrongdoing.

Abe Ahod, a Jewish peddler, was arrested for selling goods without a license. When he was brought before the mayor he pleaded guilty to the charge, but said he didn't know he had done wrong. He was assessed \$5.65. He commenced to cry and said that he had not a cent in the world, but a search by the chief of police revealed \$54, from which was taken the assessment. Abe was so enraged that he drew a pocket knife and slashed his throat, but not severely. After a struggle he was disarmed and placed in prison until he cooled down and was then released.

MR. TARBELL

Testifies in Insurance In- vestigation Making a Good Witness

BECAUSE OF WIDE KNOWLEDGE

MANNING THE EQUITABLE'S FORMER ACTUARY MAY TESTIFY

Albany Man Gives Committee a Tip That He Can Tell a Few Things.

New York, Nov. 22.—Gage E. Tarbell, second vice president of the Equitable, resumed the stand this morning before the legislative insurance committee and told further of the agents' commissions, rebates, bonuses and other details of the insurance business. Tarbell has made a good witness for the committee because of a wide and thorough knowledge of the practical workings of the insurance business. Tarbell produced a form of contract entered into between the society and its general agents, together with letters which always accompany the contracts. The contracts showed that the maximum compensation for the first year's commission amounts to 25 per cent, while another 25 per cent is allowed for expenses. The remaining 50 per cent goes to the society.

Tarbell said to make it possible to meet all death claims which might exceed the mortality table, there was an increase in the loading charges. This loading made it possible to meet all contingencies. Any excess in the loading, not needed to meet the death claims, was returned to policy holders and made up part of the dividends on policies. Tarbell said the Equitable had had \$120 to \$125 each year to meet every \$100 of liabilities. Speaking of \$50,000,000 surplus of the Equitable, Tarbell said \$70,000,000 of that sum was set aside for the payment of deferred dividends. He admitted that amount had been determined by the actuary and that as a matter of fact the society could use any or all of that \$70,000,000 for society business if it became necessary. Tarbell said the executive committee had taken no action in setting apart the \$70,000,000 and the only person who had determined that that sum should be used for dividends was the actuary.

Vice President Tarbell carried \$100,000 insurance on his life, and \$100,000 on the lives of his family. He pays regular rates but admitted he got a commission and renewal commissions making his premiums half the regular rates. Tarbell said on a trip to Memphis, Pittsburg, St. Louis and other cities for general agency meetings he had a private car and his family accompanied him. He said the railroads, with few exceptions, made no charges for carrying private cars because the insurance companies are heavy holders of stocks and bonds of the railroads.

HE CAN TELL A FEW THINGS

Manning Equitable's Former Actuary Willing to Testify for Mr. Hughes.

New York, Nov. 22.—When William S. Manning of Albany, N. Y., was told of the part his name had played in the New York insurance investigation he replied with considerable hesitancy. "If they want to hear from me let them call me to the committee," he said. "I can tell Mr. Hughes a few things. The place where they should turn their searchlight is not much on the officers of the insurance companies as in the insurance department and the legislature. The department is made up of blame—usually a blame whether or official knew the things were done or not. Let me tell you they did not. They were interested in the life of the company. MONEY NEEDED AT ONCE

CONGRESS IS TO BE ASKED TO ACT IN DECEMBER

By End of June These Funds Will Have Seventy-Six Million Dollars Invested.

Washington, Nov. 22.—Besides the other \$20,000,000 cash appropriated by Congress, the Panama canal commission has made contracts to the amount of \$1,000,000 more, payment on which will become due before the end of June next. In addition to this Secretary Dismick says the commission now owes a lot of bills, payment on which is overdue. These together with the ordinary running expenses of the commission here and on the isthmus, including salaries and wages, or the next six months, will amount to \$7,000,000.

In order to meet the debt now due and the liabilities incurred the commission will ask Congress for an emergency appropriation of \$5,000,000 to become immediately available. The commission hopes the money will be appropriated before Congress meets in December next. By the end of June, therefore, the commission will have expended in four years \$20,000,000 and the investment of the United States in the canal will have reached an aggregate of \$75,000,000. Dismick points out that the heavy liabilities have been incurred in purchasing the plant for the construction of the canal.

Comical Sayings From the Mouths of Children

LITTLE Margie awoke one morning with a severe cold. Later, when her mother was arranging some flowers, she exclaimed: "Oh, mamma, I can't smell 'em! I guess my nose is deaf!"

Small Ethel had accompanied her parents to a family reunion, and upon returning home she astonished her mother by asking: "Mamma, was papa related to us before he married into our family?"

"Why, Tommy," said a fond mother, "I'm surprised that you don't want to go to school!"

"Huh!" exclaimed Tommy. "I reckon I'd be a whole lot more surprised if I did want to go."

"I'm never going to take another bath," said six-year-old Johnny.

"Why not?" queried his mother.

"Cause," explained the youngster, "pa was reading about a man being found dead in a bathtub, and I ain't going to take any chances."

At Sunday school Grace had just repeated the text, "Love one another."

"Do you know what that means, Grace?" asked the teacher.

"Yes, ma'am," answered the small miss. "It means that I must love you and you must love me. I'm one and you're another."—Chicago News.

A Pseudonym.

"Mamma," said nine-year-old Priscilla the other day, "girls are so silly!"

"What girls?" asked the sympathetic parent. Priscilla, by the way, is a Bostonian, and contempt for the frivolous is one of her characteristics.

"Mamma, all the girls in my class are so silly about their themes! You see, we write them every Friday, and it's so exciting to have them read aloud in the class. We don't sign our own names, but a—what do you call it?"

"Pseudonym," suggested the mother.

"Yes, that's it, and we choose our own names. But the girls are so silly! Susan signs hers 'Atlantic,' and Gertrude signs 'Massachusetts,' and Hetty signs 'Truth' and 'Pocalontas.' But literary names would be so much more sensible. That's what I always take, a literary name."

"And what might yours be—your favorite pseudonym?" asked the amused mother.

"Why, I almost always sign mine 'Ralph Waldo Emerson,'" responded Priscilla proudly, and then she wondered why her mother smiled.—St. Louis Republic.

He Missed It.

The sidesaddle seems surely going out. The cross saddle gains year by year among New York's fashionable set, and whatever is established in favor there is sure to be a go throughout the rest of the land. The saddlers for women of the New York smart set have made this year twice as many cross saddles as they did last year. In the riding schools patronized by the millionaire women of New York cross saddle equestrianism is regularly taught to those who desire it, and this class is rapidly increasing.

Speaking of man's chivalry to woman, in the recent deplorable accident on the elevated railroad in New York city one of the cars was hurled against an apartment house in such a way that the end of the car crashed into a window of one of the flats. The door of the car was opened, and a way of escape was thus afforded through the window. All of course, tried to reach that window and get out. Men did so, but women could not gain the window because with their savage fists and cowardly souls men struck the women, stunned them, knocked them right and left and even trampled on them. In the brute impulse to save themselves "men acted like maniacs," a spectator of the scene said. "Dear ladies, never fret; we are strong and you are weak, and we'll take care of you," says man to woman.

Their Weakness.

The college professor led us across the campus and showed us the female football team.

"But," we protested, "they all have short hair. We thought football players wore long hair."

"Only male football players," elucidated our guide. "If girl players were long hair they would begin a hair-pulling match during the first struggle."—Chicago News.

Feminine Snapshots

American Women Are Learning to Shoot.

Courage and nerve are natural to woman. That I insist on in the face of all the centuries of trying to make her over into a hysterical child. Just so soon as the bricks which have been piled upon her head, so to speak, for 5,000 years begin to be lifted off woman holds up severely and commences to show what she is made of. No truer evidence of it is needed than the fact that both in Europe and America the number of women who can use a gun expertly is increasing rapidly. Women are taking to shooting. I have a pretty girl friend, a newspaper woman, who has occasion sometimes to walk along lonely routes after dark. She carries with her a loaded pistol, small, to be sure, but it would do its work on any man who should molest her. Mrs. Wallihan, the photographer of big game in Colorado, can hit a jack rabbit at 200 yards or a wild goose on the wing, and not only that, but likewise can kill panthers, wolves and bears. Sergeant Sidney Sears, the world's champion revolver shot, says that there is every reason why women should be able to aim better than men, because men injure their nerves with nicotine and alcohol, the deadly enemies of physical steadiness. Sergeant Sears has proved his opinion true by the proficiency in marksmanship his own wife has acquired under his tuition. Although Mrs. Sears has been shooting at a target only a year, she has made a score of 82 out of 100 with a revolver. Mrs. Sears molds the bullets used by her husband and herself. They live in St. Louis, in which city are to be found some of the best women shots in America, if not in the world. In one of the competitions of the St. Louis Revolver club Mrs. C. C. Crossman outshot Champion Sears himself by two points. Mrs. Crossman once made a score of 90 out of 100 at 200 yards. Mrs. Thomas Meagher, another St. Louis woman, has made a score of 70 out of 100, shooting at fifty yards.

The appointment of Dr. Florence R. Sabin to the post of assistant professor of anatomy in Johns Hopkins university is one more evidence that the sun do move. Dr. Sabin was graduated as a bachelor of science from Smith college, after which she took a four years' medical course at Johns Hopkins.

A Lucky Discovery.

"I believe," said Mrs. Oldcastle, "that what a boy is depends largely upon his environment."

"I know it," replied her hostess as she carelessly toyed with her jewel box. "There was my cousin Ebenezer's boy. He never knew what it was to have a hell day till the doctors found out that it was his environment and cut it out."—Chicago Record-Herald.

No Hope For Him.

"I would propose to you, but I fear the effects of the excitement. When I am excited my heart beats so faintly that it is scarcely noticeable."

RATE REGULATION.

Senator Foraker and Others Opposed to Radical Legislation.

Washington, Nov. 22.—Divergent views on rate legislation developed at a meeting of Republican members of the senate committee on interstate commerce. The conference followed the regular meeting. Of the six members attending the conference it developed that Senators Elkins, Aldrich, Keane and Foraker were nearly in accord on one side, and Senators Culom and Doliver were on the other. No propositions were advanced, but the four senators in the first group mentioned indicated their desire for harmonious action and not too radical legislation. Senators Elkins and Doliver insisted that the only way to have harmonious representative action was for all the Republicans to get in line with the president and support his recommendations. After the conference adjourned, some members expressed the opinion that a bill would be agreed upon, but the confident opinion was also expressed that the majority of the full committee would report a bill in line with the recommendations of the president.

What Broke the Little Boy's Heart the Most

"WELL, my little boy," said the kind looking man, "you seem to be in trouble. Have you lost your way?"

"No-no," sobbed the child.

"Are you hurt or do you feel sick?"

"No-no."

"There, there, don't feel so bad about it. Perhaps you were sent to get something at the store and have lost your money?"

"No-no."

"Well, what is the matter, anyway? Tell me all about it. Perhaps I can help you."

"No-no, you can't be helped me. No-nobody can be helped me. I runned away from h-h-h-o-m-e."

"Oh, that's it, eh? Did your parents beat you?"

"No-no."

"Then why did you run away?"

"Cause they wouldn't let-me-let me have sugar on my potatoes."

"But sugar isn't good on potatoes. Come, you'd better go back. Where do you live? Won't you let me help you to find your way home?"

"No-no."

"Why? Is it because you can't have sugar on your potatoes that you don't want to return?"

"No-no."

"Don't your parents give you good clothes to wear and a nice soft warm bed to sleep in?"

"Ye-ye-ye-ye."

"Then it seems to me that you'd better go back. Come on. Why do you hesitate? You can't sleep out in the cold, and your parents, I am sure, mean to be kind. You say they don't beat you, and you look like a boy who has had plenty to eat, so why not go home?"

"But when I told them I was g-g-go-in' to run away they d-d-didn't neither of them come out to the gate and coax me not to go. Boo-hoo-hoo-ooh."—Chicago Record-Herald.

Playing to the Gallery.

Lawyer Brown had a case involving land boundaries. The question was one of accretions to land, and Brown, to make perfectly clear his contentions, drew maps showing the situation. The judge hearing the case said, "But, Mr. Brown, I don't quite understand what you mean."

"Your honor," replied Mr. Brown, "I did not suppose you would. I was just doing this for the benefit of the bystanders."

WOMAN CATCHES HER HUSBAND

IN ACT OF STEALING CHICKENS FROM HER COOP IN PATASKALA STREET.

Mayor Crilly Asked to Furnish Warrant But No Arrest Has Yet Been Made.

A Pataskala street woman has a problem which she is endeavoring to solve. That is she is a serious one, no one will doubt. This woman had 13 fine chickens which she proudly exhibited to her friends until a few days ago, when ten of them came up missing one morning. The case was a mysterious one and completely baffled the detective powers of the owner of the birds.

An unexpected solution to the puzzle presented itself early Wednesday morning when a commotion among the remaining poultry awakened Mrs. Blank. She hastily dressed for a trip to the hen house and upon her arrival she grappled with the thief. She nearly fainted when his face was brought to the light and she found her own husband in the act of burglarizing the chicken coop.

Mayor Crilly received a call from the woman Wednesday morning. She wanted an affidavit for the arrest of her spouse. She was referred to one of the magistrate's courts.

Returns so far received in Colum-
bus by the secretary of state indicate
that the Prohibition vote in the state
fell off between 7,000 and 8,000 from
the vote of last year. It is interest-
ing in this connection to recall that
the Prohibition candidate for governor
—his name is not recalled just now—
in all his speeches from the stump
was more severe in his comments on
the Democratic party than on the Re-
publican party.—Youngstown Vindica-
tor.

It is not a matter of consequence,
but the name of the late Prohibition
candidate for Governor is Watkins.
The reason he denounced the
Democrats was that he foresaw the
danger of the defeat of the Cox-Dick-
Herrick machine and that was look-
ed upon by Bro. Watkins as an awful
calamity for men of false pretenses in
politics.

The people of Ohio might stand
for another bulletin from Senator
Dick if they had assurance that he
would outline what he expects to do
and accomplish in the coming ses-
sion of congress.

Ohio's junior senator should hic
himself back to Washington. That's
the place for him. It's the business
of the members of the Ohio house of
representatives to effect an organi-
zation, and they should be able to
do it without his aid.

Here's the way the Chicago Rec-
ord-Herald, a Republican paper, puts
it: "Ohio Republicans are indignant
at the Toledo Blade, a Republican
paper, for telling the plain truth
about the causes which led to the
result of the recent election in that
state. Plain truth from a political
organ is so unusual that the Ohio
Republicans can hardly be blamed
for being for the moment taken off
their feet." It would have been
more to the credit of the Blade and
some other Ohio Republican papers
if they had told the plain truth in
the campaign instead of waiting till
after election to speak out plainly.

Chicago, Nov. 22—Dominico Re-

times this morning as he left the rear
door of his home. The police attrib-
ute the shooting to members of the

may die, refuses to discuss the shoot-
ing other than to say two unknown
men did the shooting.

EMPLOYERS CLOSE PLANTS

Battalion of Reservists, One Thou-
sand Strong, in Revolt Because of
Poor Food — Peasants Pillaging
Estates and Threatening Landlords
With Death—Zemstvo Congress.

St. Petersburg, Nov. 22. — Despite
the decision arrived at by the council
of workmen's delegates on the morn-
ing of Nov. 20 not to attempt the in-
troduction of a movement for an
eight-hour day, the question of short-
ers is taking a critical turn and
threatens to produce an industrial crisis.
At the Hubbard, Westinghouse
and other important works the men
insist on a reduction of hours and
have adopted a course of dropping
their tools after they have labored
eight hours. The employers held a
meeting and resolved to stand firm
against the demands of the men. The
local works will be closed until the
men consent to the old system of 60
hours a week.

Advices from Gomel in the govern-
ment of that name, say that a bat-
talion of reservists, 1,000 strong, mu-
died following a demand for better
food.

A rumor is being spread among the
peasantry in northeast Russia that
serfdom will be re-established, and
the peasants are talking of killing the
land owners.

Many panic-stricken persons are
seeking refuge at Borisoglebsk
from the peasants, who are taking
possession of the estates, removing
the grain, burning the buildings and
ordering the proprietors to relinquish
their rights and depart under penalty
of death. The excitement has as-
sumed such dimensions that the vice
governor has ordered the troops to
desist from making arrests. In en-
counters with the marching bands of
peasants the troops have killed 100
and have wounded many more.

The cabinet has drafted a series of
measures to protect the rights of in-
dividuals against the coercion and ty-
ranny of the labor leaders, which in
the event of another strike will be
placed in operation during the interim
until the national assembly convene.
The minister of justice, M. Manu-
khin, has drafted a habeas corpus law
for submission to the cabinet.

Will Assist Witte.
Moscow, Nov. 22.—The sentiment
of the zemstvo congress is veering
distinctly to the side of Count Witte,
and it now seems probable that a large
majority of the delegates will favor a
resolution to come to the assistance
of the government against the forces
of revolution and disorganization,
though only because such action is re-
garded by a considerable faction as
the least of many evils.

Liberty township, Licking county, on
Nov. 1, 1863, and died at the home of
her parents at an early hour Satur-
day morning, Nov. 18, 1905. For a
long time Sadie had been a sufferer
of heart disease, and for the past few
months she had been confined to her
bed, being almost helpless. Notwith-
standing her suffering she was al-
ways cheerful and hoping for bright-
er and better days. As the end drew
near, realizing her condition, she ex-
pressed herself as ready to go, only
waiting for the Savior to call her, se-
lecting the pall bearers and the
hymns to be used at her funeral. The
deceased was 42 years and 18 days
old, and had lived nearly all her life
in Liberty township. At the age of
thirteen years she united with the M.

remained a faithful member until

Tonsilline Diphtheria
Diphtheria is the most
dreaded disease of child-
hood, because it is so
often fatal. It is in-
variably preceded by
Sore Throat—nature's danger signal.
At the appearance of Sore Throat the
first thought should be its instant cure.
Don't regard it lightly—don't think it may
be gone tomorrow. An hour's delay may
bring fatal results.

What good doctor in his practice now
advises delay or thinks lightly of any Sore
Throat, especially in children?

Modern medication wisely endeavors to
quickly control and cure the simpler forms
of disease—it is so much easier and so much
safer than waiting for the graver diseases
to follow.

Is it right here and in this way that
TONSILLINE has its greatest value?

Tonsilline will positively cure the Sore
Throat and thereby prevent the dread
disease—Diphtheria.

Tonsilline is the one remedy, sold largely
throughout the United States, exclusively
for the cure of Sore Throats. Its field is
limited but it does its whole duty every
time. We know of no case where it has
failed during its years of use in
thousands of homes.

Buy a bottle today and have it
ready for instant use.
Tonsilline is the stich in time.

HOPE FOR THE SICK.

A VICTIM OF LA GRIPPE.

Mrs. Henrietta A. S. Marsh, 709 W.
16th St., Los Angeles, Cal., President
Woman's Benevolent Ass'n, writes:
"I suffered with la grippe for seven
weeks, and nothing I could do or take
helped me until I tried Peruna."

"I felt at once that I had at last
secured the right medicine and I kept
steadily improving. Within three weeks
I was fully restored, and I am glad that
I gave that truly great remedy a trial.
I will never be without it again."

In a letter dated August 31, 1904, Mrs.
Marsh says: "I have never yet heard
the efficacy of Peruna questioned. We
still use it. I traveled through Ken-
tucky and Tennessee three years ago,
where I found Peruna doing its good
work. Much of it is being used here
also."—Henrietta A. S. Marsh.

AMUSEMENTS

Rose Cecilia Shay as "Paul Jones"
and her splendid company will be the

"PAUL JONES" Tomorrow Night.
attraction at the Auditorium tomor-
row night.

NEXT SATURDAY NIGHT.
Lottie Blair Parker who wrote
"Way Down East," and "Under
Southern Skies," has made a drama-
tization of the Rev. Charles Frederic
Goss' successful novel, "The Redemp-

tion of David Corson," which will be
presented next Saturday both matinee
and night, at the Auditorium, with
Walter Edwards as "David Corson,"
and a specially selected cast includ-
ing Miss Julia Marie Taylor, Richard
Mansfield's leading lady last season,
and J. P. Sullivan, James A. Nunn,
Jay Mansfield, Lynn B. Hammond,
William Lambert, William Payne, A.
Maxfield Moore, Master Paul Schwa-
ger, Earl Ford, May L. Bell, Elsie
Hoffman, Juliet Lear and others. Of
the production it can be vouchsafed

MARIE TAYLOR as "PEPEETE"

son," by Lottie Blair Parker, auth-
or of "Way Down East," etc.

that it will be one of the season's
best.

MARY EMERSON.
By her notable work in "His Ma-
jesty and the Maid" for the past two
seasons, Mary Emerson not only en-
deared herself to her audiences, but
demonstrated that she was to be taken
seriously as an artist of the first
rank. One of our youngest stars,
comparatively unknown to most of
our theatre-goers, she furnishes a
most agreeable entertainment, and
promised much in her own future
productions. Earnest, studious, with
an exceptionally fine voice and much
physical charm, her future seemed
assured. In "Will O' the Wisp" in
which she is now appearing, Miss
Emerson has more than fulfilled the
predictions of her manager. All in
all the performance is a most even
one. Miss Emerson will be seen here
on Tuesday evening.

MAYOR OF TOKIO.
Richard Carle always funny, was
better than ever in his new play, The
Mayor of Tokio, at the Auditorium
last night. The play is new to New-
ark people, but Richard Carle always
a favorite, made a bigger hit than
ever last night. He sang a foolish
little song which struck a humorous
chord in the hearts of his audience.
For nearly five minutes the applause
continued after the actor left the
stage. It was impossible for the play
to proceed and Mr. Carle refused to
further respond, as he had sung him-
self hoarse.

The chorus was pretty and attrac-
tive. The peanut ballet was perhaps
the best corps of ballet dancers seen
this year. All the music was attrac-
tive, and Mr. Carle's support was
good. Mr. Rock, as the song book
boy of Mr. Carle's stranded opera
troupe, and Fred Frear as the Mayor
of Tokio, deserve special mention.
The patronage was large.

THE GREAT SOUTHERN, COLUMBUS.
The emotional play, The Redemp-
tion of David Corson, will be inter-
preted on Tuesday, Nov. 28. This
play is a dramatization of the novel
of the same name, which was written
by Charles Frederic Goss. It has
been prepared for the stage by Lottie
Blair Parker, who wrote "Way Down
East." The tone of the book has
been well diffused throughout the
play, it is claimed, with the result
that the latter is replete with strong
scenes and sharp character contrasts,
a performance that is certain, it is
assured, to make a strong appeal to
the emotions. Seat sale opens Sat-
urday, Nov. 25th.

Blanche Walsh, in the most popu-
lar success of her career, Clyde
Fitch's melodrama, "The Woman in
the Case," will play at this theatre on
Thursday, Nov. 30. Miss Walsh has
been attracting capacity houses in
each city she has been visiting this
year. Her play contains all the ele-
ments that go to make an absorbing
melodrama, and in addition is made
up of leading climaxes. There is
nothing hackneyed. As usual with
all Clyde Fitch's productions, the
stage pictures are perfect. The role
interpreted by Miss Walsh is such a
test of the emotional resources that
her splendid effect gained in the
great scene of the play has led the
critics to declare that her position
among the front rank of the empa-
tresses is secure. Seat sale opens
Monday, Nov. 27th.

The comedienne whose humor has
more of the personal touch in it than
that of any other woman on our
stage, May Irwin, appears at this the-
atre Saturday afternoon and evening
of December 2. She is using the
farce, Mrs. Black is Back, this season
and reports from cities where she has
played assert that it gives ample op-
portunity for exploiting her kind of
fun. As has always been the rule
with Miss Irwin the troupe which she
has with her is one of merit and at-
tractiveness. Seat sale opens Wed-
nesday, Nov. 29.

murder case to the jury this morning
said he would prove that Heil killed
his wife with a cold chisel. Heil's
attorney stated he would prove the
chisel was left by workmen three days

spectacle was the exhibit of the
woman's skull.

DAY'S BUSINESS IN COURT HOUSE

Hampton Case Continued.
The case against J. L. Hampton, of Columbus, has been continued on application of the defendant, and on account of the absence of material witnesses.

Suit to Enjoin.
David Baker, by his attorneys, Kibler & Kibler, has commenced suit in the Common Pleas court against Lida H. Miller.

Plaintiff says he is the owner of about 100 acres in Hartford township and that for more than 50 years there has existed an open lane, 20 feet wide, extending from the northwest corner of his lands to the Hartford and Homer road, and passes through the lands of the defendant. That driving all this time the lane, until recently, has been fenced on each side; that the lane for more than 50 years has been used for wagons, carriages and footmen for egress from and to the highway by the plaintiff and others.

That recently the defendant has, without right, interfered with and obstructed the lane and its use by plaintiff by removing the west fence 35 rods, measuring from the northeast corner of plaintiff's land, and by the building of a locked gate, shutting out the plaintiff. Plaintiff asks for a temporary injunction commanding the defendant to remove the obstruction and rebuild the fence, and that on the final hearing thereof, the right to use the lane by plaintiff and others as an open way to and from the highway may be established. Kibler & Kibler, attorneys for the plaintiff.

Will of Mary A. King.
In the matter of the will of Mary A. King, deceased, Elizabeth Merlam, Charles P. King, Florence M. King and Edward A. King have filed their answer and cross petition. They say that it is true that Mary A. King, on the 15th of Sept., 1883, made and published her last will and testament, disposing of all her personal and real estate; that Mary A. King added two codicils to her will, one on the 10th of April, 1884, and the other on July 1, 1885.

That by the terms of the will and codicils, \$1000 was bequeathed in trust to Wm. A. King for the purpose of being applied by him toward defraying the expense of the education for the Christian ministry of such indigent and worthy young men as Wm. A. King, as trustee, should in his judgment and discretion select.

That the will was admitted to probate and Wm. A. King was appointed trustee of the trust fund under the will.

That on the 15th of December, 1897, Wm. A. King died, not having in any way administered the trust.

That since the death of Wm. A. King, Frederic M. Black, as trustee, took charge of the \$1000 trust fund and interest on the same, amounting to \$97.45, and has not, up to the present time, in any way administered the trust.

The defendants say they are the legal heirs of Mary A. King, deceased, and as such, according to law, are entitled to the amount of money held in trust. They ask that the court order Frederic M. Black to distribute the trust fund of \$1000 and the interest thereon among the answering defendants. J. Howard Jones, attorney for the defendants.

ALL THE NEWS IN STATE OF OHIO

WILL DISCUSS SPEAKERSHIP

REPUBLICAN REPRESENTATIVES
TO HOLD CONFERENCE IN
COLUMBUS.

Four Candidates in Field for Speaker
and Two Other Men May
Enter the Race.

Columbus, O., Nov. 22.—There will be another gathering here Thursday of the Republican members-elect of the legislature, at which it is expected that something near a definite trend will be developed in the speakership. It is believed that practically all of the members-elect will be present. Four candidates at least will remain in the field, Thompson of Lawrence, Frizell of Montgomery, Huey of Mahoning and Bassett of Lucas. Little of Green and Eagleson of Guernsey may also enter the race.

There are reports current of a probable effort on the part of the Democrats to induce enough Republican members of the house to pull away from the partisan line-up to organize the house with the assistance of the Democrats. The plan was to give the speakership and the speaker pro tem to the Republicans, and to divide the clerkships and the committee chairmanships. Republican leaders ridicule the idea that Democrats would in any event be able to induce any Republicans to participate in the scheme.

Cleveland, O., Nov. 22.—A riot occurred between students of Case school and Adelbert college. Eyes were blackened, lips cut, clothing torn and 25 students given hard beatings. The police were called but arrived after the fight. The battle took place on the college campus. Case students have objected to the Reserve students crossing their campus. They placed a sign warning Reserve students to keep off. C. P. Malone and H. P. Burton, sophomores, started across the campus, when a hundred Case students ran around the corner of a building and attacked them. While the Case men discussed the disposition of the offenders, a body of Reserve students numbering more than a hundred ran out on the field. In an instant the two crowds closed and Case and Reserve began one of the bitterest fights in the history of the school.

FALL COLDS

Newark Society Woman Advises
People Best Means to
Cure Them.

"To the People of Newark: Knowing how prevalent hard colds are at this season of the year, and into what danger they often lead, I want to tell you of my experience, as it may be the means of saving your life, as I believe mine was saved by Vinol, the best cod liver oil preparation in the world.

SALLIE VAN WICK.

On my way home from a reception, thinly clad, I contracted a severe cold and cough, I tried different cod liver oil preparations and other remedies; they only upset my stomach and gave me no relief. I finally sent for my physician. He prescribed for me, but I constantly grew worse, and as a last resort he advised me to try Vinol. I found it was delicious to take, and did not upset my stomach like the other cod liver oil preparations. It soon effected a complete cure, built up my general health, and made me feel stronger and better than I have for years.

My druggist from whom I purchased Vinol, tells me that it has taken the place of old fashioned cod liver oil and emulsions, because it contains in a highly concentrated form all the medicinal, curative and body-building elements of cod liver oil actually taken from fresh cods' livers, but without a drop of the system-clogging oil or grease to upset the stomach and retard its work, and if Vinol does for Newark, people what it did for me it will be worth \$100 a bottle to them." Sallie Van Wick, Vice-Pres. of the Anderson Driving Club, Atlanta, Ga.

Our local druggist, Mr. Frank D. Hall says we have never sold a remedy in our store equal to Vinol for chronic coughs, colds and bronchitis troubles, or to build up a run down system and we will return the money in every case where it fails to give satisfaction.

TROLLEY STATION AT COLUMBUS

ACQUISITION OF APPEYARD
LINES WILL SETTLE THE
PROBLEM.

If Plans Fail Buckeye Lake Road
Will Use Scioto Valley Com-
pany's Station.

Columbus, Nov. 22.—Upon the acquisition of the Appeyard lines by the Morgan-Dolan-Schoepf interests depends the construction of a new interurban station in Columbus. Were the Cincinnati-Philadelphia crowd to fail in securing these properties a new station will not be erected in the Capital City.

It is settled that the site of this station will be on Third street, between Town and Rich streets. Agents for the Morgan-Dolan-Schoepf people have taken long-time options on all the property on the west side of Third street, from Town to Rich street from the 19-foot alley east and also the property west of the alley on Town street with the exception of the church at Rich and Third, and it is expected to soon close this option. The options are taken for the Columbus, Buckeye Lake and Newark Traction company and are for a union station for all the Morgan-Dolan-Schoepf lines.

In case the Appeyard lines are not secured this union station will not be built, but the Buckeye Lake line will make arrangements to use the station of the Scioto Valley Traction company. Plans for the new station have hardly been considered as yet but it is hinted that it will be along those of the union interurban station in Indianapolis, over by the same interest, which is the model interurban station of the country. While there have been many rumors concerning this project it may be stated that the majority of these options have only been secured within the last few days and they are for a time long enough to permit carrying out plans in detail.

LONG RUN.

Rev. A. G. Burgett will fill his regular appointment at this place Sunday morning.

Mr. and Mrs. E. F. Dush of St. Louisville, spent Sunday with the former's mother.

A protracted meeting is in progress at Redington M. E. church, conducted by Rev. C. H. Sowers of Rushville.

A few evenings ago while Rev. Mr. Griffith was delivering the evening discourse in the protracted meeting at Bruns, Clint Linville of New Salem entered the church door with a man whose hair was white with many winters and wearing smoked glasses. All wondered who the stranger could be. At the close of the services Mr. Linville made a few remarks and introduced the aged man as Thomas Stevenson, who lived here in pioneer days and has not been here for 27 years.

The venerable Mr. Stevenson gave the congregation a very interesting talk. He said he was blind and had not seen the light of day for fifty-seven years and his last loss of the worldly possessions by conflagration and he had had his loved ones in the tomb. He related his own experience and encouraged all to be faithful that they might reach the waiting crown beyond the mortal river.

RHEUMATISM

RELIEVING THE PAIN IS NOT CURING THE DISEASE.

No class of sufferers are subjected to such torture as are those afflicted with Rheumatism. When this disease becomes entrenched in the blood it seems to affect every part of the body with its sharp, shooting pains and other disagreeable symptoms. The nerves sting, the muscles throb and jerk, the joints inflame and swell, the bones ache and the flesh becomes so swollen and tender that to touch it causes the most intense pain.

When the sufferer is in this condition relief must be had at once, and any treatment that will ease the pain and suffering is used. Plasters, fiery liniments, penetrating oils, etc., are applied and often medicines containing morphine or other destructive opiates are taken internally. But relieving the pain is not curing the disease, and at the first exposure to cool or damp weather or slight attack of indigestion the pains and aches will return.

The aches and pains are only symptoms which you may scatter with plasters, liniments, blisters etc., or quiet with opiates, but the real seat of the disease is in the blood, and until this vital stream is cleansed of the acids and poisons and strengthened and built up, Rheumatism cannot be cured. The sufferer is wasting valuable time applying external treatment, or using soothing drugs, because the longer the poisons remain in the blood the firmer hold the trouble gets on the system, and often the most pernicious drug habits are formed through the use of medicines containing opiates or anodynes, and the victim finds himself a complete slave who must either suffer constant torture or be kept under the influence of a narcotic.

The cause of Rheumatism is a too acid condition of the blood, brought on by indigestion, chronic constipation, weak kidneys, torpid liver and a general sluggish condition of the system. All food taken into the body contains, in some form, the elements necessary to sustain the different parts. One portion is used for making blood, another for bone, another for fat and so on. After these different properties are extracted there still remains a portion that is useless, or waste matter which is intended to be thrown off by nature, but this sluggish, weak condition of the system interferes with its proper action and the waste matter is left to sour and form uric acid and other poisons which are absorbed into the blood.

When the poison of Rheumatism is in the blood all kinds of complications may be looked for. As the disease progresses the joints become coated with a gritty, corrosive substance which seriously interferes with their working and movements, and sometimes they become permanently stiff and useless, the general health is affected, the heart is also often attacked, resulting in palpitation, and sometimes death.

S. S. S. is a safe, reliable treatment for Rheumatism. This great medicine is made of roots, herbs and barks of the forests and fields selected for their purifying and building up properties. It does not contain a particle of mineral of any kind, nor the slightest trace of opiate in any form. S. S. S. cures Rheumatism by going down into the blood and attacking the disease at its head. It neutralizes the poisons and acids and dissolves the salts and irritating deposits, making the blood stream pure, strong and fresh. When the blood has been purified and built up by S. S. S. the pains and aches of Rheumatism pass away, the muscles become soft and elastic again, the joints regain their natural action, every symptom of the disease is removed, and the cure made permanent. Special book on Rheumatism and any medical advice desired, without charge.

BIG MATCH

At West End Club Tonight When Luttbeg Meets Unknown German for Second Time.

At the West End Club tonight Max Luttbeg, Newark's nifty light weight wrestler, will tackle the big German Wonder, one of the heaviest and strongest men ever seen on a mat in Newark. He is almost head and shoulders taller than Luttbeg and as strong as an ox. Twice in one evening last week, the big German found the wily Luttbeg a worthy foe. The German succeeded in throwing Luttbeg once in thirteen minutes, but later, the big man was held fifteen minutes without a fall.

Tonight's match will be a combined Graeco-Roman and catch-as-catch-can style of wrestling. This makes the bout more interesting and gives Luttbeg a fighting chance for a fall.

The men will wrestle for two falls out of three, the German agreeing to throw Luttbeg in less than an hour to win the money.

The identity of this new wrestler is still a mystery. He speaks not a word of English, and is employed as an electrician in the Wehrle foundry. He talks to the outside people with the aid of an interpreter, and as yet, but little is known of his record as an athlete.

A WORM STORY.

A worm story comes from Scotland that is remarkable if true. As the story goes some workmen were blasting stone at Blackburn in that country. In the process a stone weighing a ton and a half was split open and a living worm was found embedded in it, being located ten inches from the outside at the nearest point. The reptile measured, according to an unimpeachable impression left in the stone, seven inches long. Immediately on exposure it wriggled about in lively fashion, and contracted itself until it measured only about four inches.

The worm is of the ordinary type, and when seen by the correspondent who relates the find, a few days subsequently, was still alive, despite the fact that it had suffered some injury during the splitting operation. The stone was obtained from a stratum of solid rock, at a depth of 100 feet below the surface, where the presence of borax indicates that it belongs to the Liasal period.

"HANDSOME TEDDY" A FAITHFUL MASCOT

He is a Prominent Figure in Every O. M. U. Football Game—Is a Newark Bull Dog.

produced. "Teddy" is seen at all the games. None of them seem unimportant enough for him to absent himself from the side lines. It seems that the men play in better spirits when they know that Teddy is watching their movements. He is a Newark dog and Newark people will recognize him. He is from the Antone Viemeier kennels and has been a close companion of Dr. John Eckstorm, the Medics' coach, for several months. He is a cross between an English bull dog and a Boston terrier, and is about a year old.

HEIDELBERG TEAM

Confident of Winning From Denison at Granville Next Saturday—A Good Game Prophesied.

Tiffin, O., Nov. 22.—The defeat administered here Saturday by Heidelberg to the Lorain A. A. team has given Heidelberg high hopes of winning from Denison in the game to be played next Saturday at Granville. Heidelberg was not playing at her full strength against Lorain, owing to the absence from his position at right half of Cornelius, one of Heidelberg's strongest men. Coach Sickles, while not at all confident of a victory over the Baptists, feels that Heidelberg is able to make a very good showing.

THANKSGIVING

Game at Columbus Between Denison and Medics Will Draw a Big Crowd.

Preparations are being made at Columbus for the big Denison-O. M. U. game in that city on Thanksgiving day and from all indications, Recreation park will see its greatest crowd on that day. The Baptists at Granville are looking forward to this game as the hardest of the schedule and they will play with a determination to win from Dr. Eckstorm's men. The Medics' coach does not underestimate the ability of the Granville team but nevertheless hopes to win.

On Saturday following the Thanksgiving day game, the Medics will play an All-Coach eleven at Columbus. This will be one of the most interesting games of the season.

Smoke? Well, then, smoke a good cigar.

Smoke a Wadsworth Bros' Cigars, a straight 5c cigar that has more real pleasure and enjoyment beneath its rich brown wrapper than the average "ten center."

Leading business and professional men all over the country have a box of Wadsworth Bros' Cigars right at hand to treat their friends and customers. They would not do this unless the cigar was just what it is—all long Havana filler, burning even with a long, white ash.

J. W. Collins & Son have the local agency for Wadsworth Bros' Cigars, and say they never before had a cigar in their stock that gave such universal satisfaction. Try one and you will thank Mr. Collins for introducing it in Newark.

FOR CONTEMPT IS BERGIN LOCKED UP

CONTROVERSY TOOK PLACE IN MAYOR CRILLY'S COURT ON WEDNESDAY.

"Bleeding Heart" Saloon Figures in Another Case—Assault and Battery Case.

Many, many times has the Bleeding Heart saloon figured in cases before Mayor Crilly, but it is probable that for the last time, Mayor Crilly has had jurisdiction in a case which came from trouble starting at this well known Walnut street resort. This time, J. P. Stinchfield, Fred Seigle and Frank Bergin were arraigned before him and ordered to relate their tale of woe.

It seems that Seigle, who by the way is also a prominent police character, exchanged courtesies at the Bleeding Heart Tuesday night and that Stinchfield was much the worse for the encounter. Frank Bergin, a brother of the proprietor interferred and gave Seigle a trouncing. These facts were being related in police court when Frank Bergin got into a controversy with Fred Seigle in the police court room. The wrangling continued until Mayor Crilly ordered the men to respect the dignity of the court. Bergin retorted, saying that he knew what he was doing.

"Chief, lock this man in a cell and give him an opportunity to cool off," said the mayor and now Bergin is behind the bars for contempt of court.

Stinchfield filed an affidavit against Seigle charging him with assault and battery. The cases will be called for hearing Thursday morning when a number of witnesses will be called.

Captain Bell and Officer McClure were the arresting officers in the case.

Frank Bergin was released in two hours on bail and will have his hearing Thursday.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are considering your private life.

A woman whose experience with women's diseases covers a great many years.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impedes them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only.

A woman can freely talk of her private illness to a woman; that has been established and the confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely if you are rich or poor, or very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound, and write Mrs.

DETECTIVES

Restore Part of Money Stolen From F. C. King, a Newark Man at Somerset Unveiling.

F. C. King, the South Side real estate man, who was robbed of money and papers valued between \$60 and \$65 at the unveiling of the Sheridan monument at Somerset on November 2, has had a part of the money returned to him through the efforts of B. & O. detectives.

Mr. King was in company with his wife and two daughters, Mrs. Ernest Penrose and Mrs. Angus Smith and was boarding the train to return to Newark when robbed. Before being robbed, Mr. King noticed three suspicious looking characters in the crowd near him, whom he later identified by photographs in possession of the detectives.

Within a little over a week from the time the detectives took charge of the case Mr. King received \$15 of the stolen money, which was the amount he reported missing, although he was not sure of the amount. Some valuable notes which were also taken were not returned.

5170 GIRL'S COSTUME, 8 TO 14 YEARS.

GIRL'S COSTUME 5170.

Growing girls create an incessant demand for new frocks and novel and pretty designs are quite certain to be eagerly welcomed. This one is eminently attractive and eminently smart at the same time that it is so simple as to involve very little labor in the making. As illustrated the material is cashmere, in the new shade of blue known as lapis lazuli, the finish being simple machine stitching and straps of the material held by tiny gold buttons. There are, however, various others which are equally appropriate, in fact the season is exceptionally prolific of suitable things, velvets, Henrietta and serge are all much in use for frocks of the sort while the colors of the season are many and varied.

The dress is made with waist and skirt, which are joined by the belt and which are laid in tucks that are turned toward one another, giving an inverted plait effect. The waist is made over a body lining and includes sleeves that are fashionable, becoming and comfortable in one. The skirt is five-gored, and is made to flare abundantly and gracefully by means of the plaits, which are allowed to fall free below the stitching.

The quantity of material required for the medium size (12 years) is 6 1-2 yards 27, 6 yards 22 or 3 3-4, 44 inches wide.

The pattern 5170 is cut in sizes for girls of 8, 10, 12 and 14 years of age.

Mrs. Rogers Hears That She Will Probably Hang On Dec. 8.

Windsor, Vt., Nov. 22.—Mrs. Mary Rogers, the silent, forlorn and despondent woman over whom the death watch was set today, was told yesterday by her attorneys that only the decision of the United States supreme court, which may be given next Monday, can save her from death by hanging on December 8. She heard this news with indifference.

WILL DICKERSON TRIAL HANG FIRE?

Coshocton, O., Nov. 22.—Will the trial of Ben Dickerson hang on, in spite of the effort of Judge Eason and his expressed intent to brook no delays, until the robins nest again and perhaps till after another harvest?

That is a question that is agitating court house circles considerably just now. One attorney, who, however, is not connected with the case in any way, stated that in his opinion that actual trial of Dickerson would not take place till sometime next fall.

"This question that is going down before the supreme court is an important one," he said, "and that body is not noted for its swiftness in decisions.

After the decision is made I can see a number of ways that may block and block legitimately, too, the litigation for a long time to come. There are many petty questions to settle before the case can come to definite trial."

The attorneys for the state are confident of an early trial and an immediate response from the supreme court. They express every confidence in their stand.

Prof. Nusbaum will sing "King of the Winds," and the professor has won quite a reputation before Newark audiences.

Prof. Schmidt, the celebrated pianist has the name of being the best performer of grand opera selections now appearing before the public. He will play selections from Poet and Peasant and Il Trovatore and other high class numbers.

A Simple Remedy For a Corn.

Tie a piece of lemon on the corn at night for five nights, leaving it on all night. Soak the foot in warm water and the corn can be easily removed. When the root of the corn is taken out cover the toe with collodion or some other preparation to protect the skin, which will be sensitive. Unless the tender skin is protected it will soon form another corn. The preparation known as "New Skin" is very good for this purpose. A piece of cotton saturated with vaseline and put over the toe will doubtless protect it just as well.

MAYOR'S DECISION

Fixed the Intoxicating Properties of Newark Booze—Wm. Thayer Unfortunate Victim.

William Thayer, a blacksmith from Hebron was before Mayor Crilly on a drunk charge Wednesday morning. "I wasn't drunk, your honor," said Thayer. "Yes, I did take a couple of glasses of beer after reaching town but it didn't make me drunk."

"Two glasses of beer drunk in Newark will make any man drunk," said the court. "Five dollars and costs and the stone pile for you."

My Most Trusted Employees

Said the head of a large establishment recently, are those who have saving bank accounts.

Why? Because they are men who have good habits; because they lose very little time; because they desire to provide as well as possible for their families; because it is their aim to work steadily and "lay something by" in case sickness or dull times overtake them.

We have many hundreds of such accounts.
